

Distribution

Distribution in BPC started through Andhikhola Hydroelectric and Rural Electrification Project (AHREP) in 1990 AD.

BPC distributes electricity in four districts of Western and Midwestern region of Nepal – Syangja, Palpa Pyuthan and Arghakhanchi. The consumer base is more than 36000. These customers are provided service through two Distribution Centres located at Galyang, Syangja and Darimchaur, Pyuthan. Total of 62 VDCs including 2 Municipalities are electrified in Galyang and Pyuthan resulting in 7800 consumer directly benefitting and 28000 consumers benefitting through User Organizations.
